

Work Relief Chiefs to Open 12 Month Program to Supply Jobs For 3,500,000 Workers

OPEN CAMPAIGN TO REDUCE JULY 4 DEATH TOLL

Anti-Fireworks Laws Will Be Strictly Enforced

Washington, July 1.—(P)—Roosevelt work relief chiefs opened the 12-month program intended to supply 3,500,000 jobs today by approving \$316,278,881 in allocations and reverting in part to methods of the old civil works administration.

The board's decision still must be approved by President Roosevelt. But officials said the administrators in Alabama, Georgia, Indiana, New York City and the District of Columbia should be able to start spending "within 10 days."

An official announcement said the sum recommended—of which \$4,123,000 was for administrative expenses—would give a year's work to 169,900, at an average of \$812 per job for wages, materials and supervision.

This figure conformed almost exactly to the sum the president said recently was available for the 2,500,000 to be given work from what is left of the \$4,000,000,000 fund. Only 1,000,000 will get jobs from \$1,500,000,000 in projects already approved.

Some, recalling that subsistence wages average \$600 a year, said only \$212 would be left for materials. They saw in the small per-job sum a bar to projects of the type carried out by the public works administration—unless the states and communities chip in substantially. A larger amount was available for materials, however, than under CWA.

Hugh S. Johnson's post as work progress administrator for New York City and the general's reputation as a dynamic worker, was believed responsible for the choice of the metropolis as the program's principal starting point. It was allocated \$78,573,310 plus \$2,350,000 for administrative costs.

RUSSIA SENDS HOT PROTEST TO JAPANESE

Moscow, July 1.—(P)—An energetic protest declaring that the responsibility for the consequences of further trespassing in Soviet waters of the Far East by Japanese Manchukuoan river craft will fall on the shoulders of the Japanese Manchukuoan authorities, was delivered in Tokyo today by the Soviet Ambassador.

Official announcement of the protest, as given out by Tass, official Soviet news agency, listed a long series of alleged violations of Soviet territory by Japanese Manchukuoan gunboats and soldiers. The announcement stated that there were several instances of frontier guards in Soviet territory having been fired on, with some fatalities.

"Taking into consideration these violations of the Soviet frontier by Japanese Manchukuoan authorities," the Soviet Ambassador said, "which may bring very serious consequences in the relations between the U. S. S. R. and Japan and to the cause of peace in the Far East, the government of the U. S. S. R. has instructed me to present a determined protest."

The Ambassador declared to the Japanese foreign office that the "responsibility for the conduct of local Japanese Manchukuoan authorities falls on the Japanese government."

The Soviet government "cannot permit" navigation of the Soviet interior waterways by the Japanese Manchukuoan vessels, the note continued, adding: "If despite all warnings Japanese Manchukuoan boats continue their passages in these waters and near the city of Khabarovsk the responsibility for the consequences will fall on the Japanese Manchukuoan authorities."

"The Soviet government expects the Japanese government which has already repeatedly declared a desire to maintain peaceful relations on the frontier to adopt urgent energetic measures to prevent further provocative action by local Japanese Manchukuoan military authorities, pointing out to them the danger and inadmissibility of their conduct."

The Soviet note complains that the Manchukuoan authorities and Japanese foreign minister not only did not give satisfactory answers to previous protests by the U. S. S. R. "but despite the obvious fact manifested to give the impression that attacks on the Soviet frontier guards occurred on Manchukuoan territory where the guards had penetrated."

There were three bullet holes in the machine, found in a south side garage, and its rear seat and floor were bloodstained.

The Detroit officers, Sergis W. J. Cavers and James Turner, arrived by plane and inspected the machine.

They discovered an empty check book folder under the front seat, and used pen knives to cut open the cushion of the rear seat, in which a rent apparently had been made by a bullet. They said they found no bullet in the upholstery.

Chief Investigator Thomas Kelly of the state's attorney's office moved to another garage and police experts photographed fingerprints to speed its examination by two detectives sent from Detroit to claim it.

Police found in the car a bill for title to it made out to Lee Ferris, 5407 Third avenue, Detroit, and a pair of dice in the back seat.

Some of the sties told by the four persons held in Detroit indicated that they had attempted to rob Dickinson through a gambling game.

No general interest was manifested in the high court choice because Wilson, a Democrat, was the only candidate. He will fill the seat left vacant by the late Frederic R. De Young.

Du Page, Will Lake and Kankakee counties, comprising the district along with Cook, reported light voting.

The 21 new superior court judges of Cook county were also unopposed, running on a coalition ticket under a Democratic label on the ballot. Of these jurists, 14 are Democrats and seven Republican. Eighteen of the 21 are incumbents.

Using his one arm to propel his 16 foot rowboat, Moldroske towed the larger craft to port. It was of necessity a zig-zag course and it was four hours before shore was reached.

The occupants of the cruisers, who said they were from Bellwood, Ill., did not identify themselves.

ON HUNGER STRIKE
Harrisburg, Pa., July 1.—(P)—Quierino Carluccio, charged with murder, began the fourth week of a hunger strike today.

Peiping, July 1.—(P)—Chinese police and loyal soldiers successfully smashed at mutinous soldiers who were cornered today in the Tungchow region, base of American missionary activity.

Police captured 92 of the rebels 20 miles east of Peiping, almost at the gates of Tungchow. In Tungchow are the American board mission school and a score of American missionaries.

The prisoners were the remnants of the 2,000 followers of General Pai Chien-Wu, who failed last Friday in a daring assault upon the gates of Peiping.

Chinese reports said troops fired on a group of civilians at the Grand Canal today, killing three of them. Although Peiping appeared normal, garrison authorities said martial law would be continued. It also is in force at Tungchow.

New Tax "Tokens" May Be Considered Counterfeit Coins

Chicago, July 1.—(P)—The possibility that Illinois' new aluminum tokens to be used in payment of the 3 per cent sales tax—effective today—might be considered counterfeit coins was studied tonight by Michael L. Igoo, U. S. attorney for northern Illinois.

Igoo said he had not seen any of the pieces, each worth a mill and a half, and would not express an opinion until the law providing for the coinage of the tokens was reviewed.

One of Igoo's assistants, A. Bradley Eden, assigned to the matter, said he believed the use of the coins was in violation of federal laws.

Whether any action would be taken by the federal government in the event the coinage of tokens was considered illegal was not indicated.

KEY BROTHERS REMAIN IN AIR ALMOST MONTH

Land Plane Safely
After Setting New
Record

By Jack Dale
Associated Press Staff Writer

Meridian, Miss., July 1.—(P)—Fred and Al Key brought their plane, Ole Miss, to a safe landing at 6:06 p. m. (central standard time) today after breaking all existing endurance flying records by spending almost a month in the air.

A roar went up from 10,000 throats as the brothers made a perfect landing on the soggy field 27 days, five hours and 34 minutes after their take-off on June 4.

The crowd surged around the plane, and lifted the fliers from it after they had been greeted by their wives and children.

"It's been a hard old fight," said Fred.

"I'm telling you it isn't any fun, but we're both happy now," added Al.

J. D. Sellers, Mississippi governor for the National Aeronautical Association, directing official of the flight, immediately wired the Association in Washington that a new record had been established.

"Al and Fred Key came down voluntarily at 6:06, establishing a new world endurance record of 653 hours, 34 minutes," he telegraphed. "Pilots and equipment in good condition."

Sellers, the first person to reach the ship, immediately removed the barograph, an instrument showing minimum and maximum altitude, and said it was in perfect condition.

The brothers were freshly dressed and cleanly shaven as they stepped from the plane, but their hair had grown "wild" during their "residence" of almost a month in the sky.

Their eyes were bloodshot and their faces flushed, indicating the strain they had undergone. They headed for a hotel to sleep.

The official world's record for sustained flying, set at 553 hours, 41 minutes and 30 seconds by John and Kenneth Hunter at Chicago in 1930, was broken last Thursday.

The unofficial record of 647 hours, 28 minutes and 30 seconds, set in 1930 by Dale Jackson and Forest O'Brien at St. Louis, was passed at one minute after noon today.

Francis Wilson Elected Judge

Chicago, July 1.—(P)—Circuit Judge Francis S. Wilson was elevated to the state supreme court from the seventh judicial district and 21 Cook county superior court judges were selected today as election machinery moved along in low speed.

No general interest was manifested in the high court choice because Wilson, a Democrat, was the only candidate. He will fill the seat left vacant by the late Frederic R. De Young.

Du Page, Will Lake and Kankakee counties, comprising the district along with Cook, reported light voting.

The 21 new superior court judges of Cook county were also unopposed, running on a coalition ticket under a Democratic label on the ballot. Of these jurists, 14 are Democrats and seven Republican. Eighteen of the 21 are incumbents.

BEER DRINKING YOUTH SOUGHT FOR SLAYINGS

Officers Believe They Will Find Graves Of Tourists

Albuquerque, N. M., July 1.—(P)—A beer-drinking youth was sought tonight as police, national guardsmen and more than 1,000 volunteers believed they were on the verge of finding the secret burial place of four Illinois tourists.

The month-long search throughout New Mexico for Mr. and Mrs. George Lorus of East St. Louis, Ill., and Mr. and Mrs. Albert Heber of DuQuoin, Ill., narrowed to the comparatively short stretch of highway between Vaughn, N. M., and Albuquerque.

Gov. Clyde Tingley, in clothing wilted from a day's activity leading searchers, said he was convinced the tourists were killed between Vaughn and Albuquerque, probably the night of last May 22, by the beer-drinking youth.

The personal effects of the travelers, including charred remains of suitcases and clothing, were found where they had been burned four miles east of Albuquerque on the Sandia Mesa, flat cactus-studded and lonely promontory that overlooks the city. They were identified by Wesley Hoar, brother-in-law of Lorus who recently came to New Mexico to aid in the hunt.

The governor and police also have uncovered information the party stayed the night of May 21 at Vaughn en route from their homes to the west coast. Postcards were mailed, signed with initials of the party, from Albuquerque on May 22.

With the burned personal effects of the couple was a beer bottle. Lorus had an aversion to alcoholic beverages and Hoar said he was certain none of the party drank beer.

A similar beer bottle was discovered near the scene of an automobile accident May 22 not far from Socorro, N. M. Police believe the youth who was driving this car, identified as the one belonging to Lorus in which the tourists were riding, killed and robbed the four travelers near Albuquerque and then fled to El Paso and Dallas, Tex., in their car, leaving a trail of travelers' checks forged with Lorus' name.

Police attached significance to a blood-stained piece of bed spread found in the Lorus car, abandoned at Dallas May 28, six days after the party disappeared.

The quest tonight for a desert grave revealed no new clues, but authorities were confident of ultimate success.

Bird Refuses To Leave His Cell At Stateville

Returns To Convict Who
Had Mended Fracture
Of His Wing

Joliet, Ill., July 1.—(P)—Squeeg, the bird in a ungilded cage, had his chance at a pardon from Stateville prison today, but scorned it for his steel and concrete home in cellblock C.

The manner in which Squeeg eschewed liberty brought a snuffle to John Post, 65-year-old convict, who has been Squeeg's master, confidante and cellmate since a day in 1933, when he found the horned lark fluttering in the prison yard with a broken wing.

Post, sent up from Ottawa, Ill., for burglary, mended the fracture, and spent his last \$150 for birdseed. Squeeg moved into Post's cell, where he sang all day while his partner worked in the prison power house.

In signing the traction home rule bill, the governor indicated he expected early action to settle the local transportation situation at Chicago, where the street car and elevated companies have been operating under temporary permits since the 1907 ordinance expired in 1927. The Illinois Commerce Commission retains jurisdiction over rates and service.

"This measure accords with my program of home rule for cities," Mr. Horner said. "I believe it will give the mayor and city council the opportunity to take effective and decisive steps to definitely settle the street car-elevated-bus problem of Chicago."

"It assures them the necessary authority to deal vigorously in traction matters tending to bring about up-to-date service, and it safeguards the interest of the people by providing for a referendum."

President Roosevelt Hopes That His "Death Sentence" Bill Will be Passed Today

WILL REDEEM HUGE BLOCK OF FEDERAL BONDS

All National Bank
Notes Will Also Be
Withdrawn

By Frank B. Harper
Associated Press Staff Writer

Washington, July 1.—(P)—A stunning defeat by his big house Democratic majority today spurred President Roosevelt to renewed efforts to write a legislative "death sentence" for unnecessary utility holding companies.

Immediately after the 216 to 146 house vote smashing down this cherished New Deal objective, Mr. Roosevelt conferred with Representative Rankin (D. Miss.), who rushed back to the capital to try to rebuild the party's lines which crumbled today.

Outwardly, Mr. Roosevelt's only comment, through a secretary, was an expression of hope that the "death sentence" bill would win on a final vote tomorrow. At that time a motion will be made to substitute the senate abolition bill for the house regulatory plan and a roll call will be taken as was not the case today.

But despite Rankin's "confidence" of ultimate victory and indications Mr. Roosevelt may issue a statement seeking to rally his shattered forces, leading looked for little change in the line-up. They estimated that "putting on the heat" for three weeks added barely a handful of Democratic votes to the 127 originally polled as favoring the "death sentence."

The 216 to 146 provision today was in a chamber where Republicans are outnumbered more than three to one. It was taken in an atmosphere made electric by an intense cloakroom campaign, exceptional bitterness in debate, charges of lobbying hurled against both the white house and utility interests, and open warnings that Democrats crossing President Roosevelt's wishes would be called to account at the polls.

The bonds the treasury is buying are Federal Canal loan securities issued in 1916 and 1918. They bear what is known as the "circulating privilege."

This means that national banks may deposit them with the treasury, add 5 per cent in lawful money as a redemption fund, and issue bank notes to the extent of the face value of the bonds.

Aside from the Canal loan bonds connected with the transaction which began today, other government securities to the extent of but \$300,000,000 bear the "circulating privilege." Their life will end a month hence, and consequently national bank notes will disappear completely.

Their elimination was part of a move to simplify the nation's monetary system, and will leave to all intents and purposes but two kinds of paper money in circulation—federal reserve notes and silver certificates issued by the treasury. There is in addition a small amount outstanding in federal reserve bank notes.

The transfer of gold profits to the working cash balance with which the treasury meets current expenses was the first such transaction since the dollar's gold content was slashed, giving the government a profit of more than \$2,800,000,000 was set aside for the use of the stabilization fund.

Coincident with the transfer, a deposit of \$100,000,000 in gold certificates issued against the gold profits was made at the federal reserve banks. This will be used to reimburse the national banks for the bonds which formed the backbone of their national bank notes, and replace the bank notes as circulating money.

The banks have been making huge deposits at the treasury ever since the plan was announced nearly two months ago.

\$297,342,177
Corn-Hog Money
Paid To Farmers

1935 Rental And Benefit
Payments Should Begin
In Three Weeks

Washington, July 1.—(P)—Announcing that on June 29, a total of \$297,342,177 had been paid to farmers for their 1934 corn-hog program, the AAA said today that distribution of the 1935 rental and benefit payments should begin in about three weeks.

Auditing of the 1935 contracts will begin this week. Boards of review in all states were directed June 28 to send to Washington all contracts approved locally as of that date and to continue that flow as rapidly as possible.

Reports indicated that approximately 300,000 1935 corn-hog contracts would be ready for transmittal to Washington this week, and that an additional 500,000 contracts would arrive here by Aug. 1. The remainder of the 1,032,500 contracts under preparation is expected in August and early September.

Payment under the 1935 corn-hog contracts will total approximately \$185,000,000, the AAA said, and will be distributed in two installments, the first paid as soon as the contracts have been audited and accepted and the second on or after Jan. 1, 1936.

QUADRUPLETS BORN
Warsaw, July 1.—(P)—The Dionne quadruplets were seriously challenged today when Julius and Sophy Czarowski, All are sound and healthy. They must divide their birthdays, as three were born before midnight, the fourth just after.

Czarowski is a railroad brakeman, 28. His wife is 25. They are parents of a girl 18 months old.

John McLaughlin Pleads Innocent

Chicago, July 1.—(P)—Thirty-five of the 40 defendants in a \$250,000 Chicago mail robbery case pleaded innocent at arraignment today before federal Judge Philip L. Sullivan.

Unable to be present because of illness, John J. (Boss) McLaughlin, a five-year sentence at Leavenworth for conspiracy in the Edward G. Bremer kidnapping, had a plea of innocence entered by his attorneys.

Four other defendants, putting on the 40 cases to the September term of court, announced he would forfeit their bonds if they did not appear before July 12.

In the robbery a postal employee and his guard were held up December 6, 1932. McLaughlin was charged with conspiracy to possess the loot.

STEAL JEWELRY
Upper Brookville, N. Y., July 1.—(P)—Police were attempting today to solve the mystery of an \$80,000 jewel robbery, discovered last night on Long Island's fashionable north shore.

A diamond solitaire valued at \$25,000, a 5,000 pair of pearl earrings and a \$50,000 diamond cluster brooch were reported missing from the stone manor house of Randolph Santini, wealthy retired manufacturer.

Auto Accidents

The ceaseless war of traffic being carried on in the United States, the crash of colliding cars, the screeching of brakes, the roar of speeding machines on the highways have thrown up from their maelstrom figures for the first six months of 1935. With a total of 15,200 dead and 300,000 injured, the carnage is somewhat less than for the same period last year.

The number includes 8,000 pedestrians, slightly more than half the casualties. Intoxication figures in the accidents more frequently than in previous years. But the fierce haste of the American people to get somewhere is doubtless responsible for most of the damage to life and limb.

Within eighteen months at the present rate, as many people are killed in auto accidents in this country as those of the American forces in the world war who lost their lives in action. The loss of time and money on the part of those injured is tremendous. The financial value of the lives snapped off is even greater, to say nothing of the immense burden of grief and calamity that follows in the wake of such a staggering total of death.

Surely Americans are intelligent enough to find some means of avoiding this terrible annual sacrifice of life. A little more caution, less haste, less recklessness, a higher regard for the lives of others all would help to reduce the toll of accidents. Radicals shout for the abandonment of motor vehicles and the consequent scrapping of a great industry. This would be foolish and unnecessary. It is not the car but the man behind the wheel that needs the attention of the reformer.

Japan's Disasters

Anyone who has watched the aggressive actions of Japan the past few years may wonder if there is some connection between her pugnacious policy in China and the disasters that have befallen her people. There was the earthquake that wrecked Tokyo, the more recent shocks in Formosa, and now have come the floods which have rendered 300,000 homeless in the industrial heart of the nation.

Most of the major disasters have occurred since Japan has been seeking new worlds to conquer. As she has bitten off a slice of new territory on the continent, she has met with a fresh natural disaster a home. Those who believe there is a Providence that watches over the affairs of men and intervenes to protect the weak, may wonder if the Japanese assaults on China are not bringing their own reward in natural violence at home.

The materialistic Japs will of course see no significance in the peculiar chain of events. Their own religion will hardly allow for a belief in punishment for conquest. Each disaster seems to make them more determined than ever to conquer, not only human obstacles but those raised by nature as well.

Sailors Born

One of the major sports events of the past week was the winning of the trans-Atlantic sailing yacht race by the 53-foot yawl, Stormy Weather. The boat, with a few hardy young sailors aboard, sped over a 3,050-mile course from Newport, R. I., to Bergen, Norway, traveling across the treacherous North Atlantic. Philip Leboutillier, owner of the boat, received the news of the victory with enthusiasm.

Men like to sail because much of early human progress depended on the speed of water craft. The desire to rove the waves is in the blood of millions who do not live near the sea, yet who can trace their lineage back to some ancient "salt" who roamed the seven oceans of the earth and liked it.

Every normal boy at sometime desires to build and navigate a boat, and will avail himself of every opportunity to take to the water. There are many born with an innate love of the sea, but only those who spend long years traveling over the waves realize

the perils of a watery grave. Most men like speed. Their urge to travel fast is responsible for the improvement of speed boats. From the water it is but short shift to the air, and the man who might have become a sailor becomes an aviator and lends his genius and enthusiasm to putting the human race on wings.

Newspaper Advertising

Newspaper advertising, long recognized as superior to other forms of advertising for business of all kinds, is also superior for the presentation of public messages of importance by governments, in the opinion of Premier T. D. Pattullo of British Columbia. British Columbia recently proposed a changed relationship between province and dominion and the statement was made in connection with a newspaper advertising campaign to present the case to the people.

"A newspaper advertisement," said the premier, "possesses stability and permanence; it can be studied at leisure, analyzed and followed up, intelligently by discussion. The printed word cannot very well be contorted, and possibility of misconception is minimized."

"For public messages of importance that require careful study and cool analysis, nothing can supersede the press."

The published statement, such as that which I am publishing tomorrow, can be followed up by the press, criticized or lauded intelligently, analyzed by bankers, manufacturers, politicians."

Premier Pattullo concluded, "Newspaper advertising has tremendous advantages over other forms of advertising," a conclusion that has been reached by business and is being more and more apparent to those responsible for government activities.

Thanks to Solons

The press of Illinois owes its thanks to the legislature for passage of a law which protects reporters from arrest and imprisonment when they refuse to reveal the source of information to a court or other public body. Several states have passed such laws, on account of frequent attempts to force newspaper men to violate their professional ethics in this way.

While the new statute restricts the power of the courts, it really does not aid crime as some have charged. Courts become cognizant of crime information often when it is published in the press. Reporters working confidentially, have ferreted out the facts, and the first inkling the courts have is the story in the newspaper.

Once the news is out, it should be the duty of the law-enforcing officers to get on the job, make their own investigations and put a stop to the crime that has been exposed. The leads given in the press prove rather an aid to the officers than to the criminals. Forcing reporters to tell where they obtained the facts seems the easiest way to get the investigation started and may save work for the officers and the courts. But it is not ethical nor fair.

It was in order to protect the press in its investigations that the legislature passed the new law. The vote in the House was 107 to 2 and in the Senate 29 to 0, a most decisive victory for a free press in Illinois.

Improving On Nature?

Those great stone faces which sculptors are carving on the rocky peaks of various mountains about the country provoked some heated argument at the recent national conference on state parks, held in Skyland, Va.

Gutzon Borglum, sculptor who is carving the giant memorial on the face of Mount Rushmore, in the Dakota Black Hills, said that such monuments were an integral part of natural scenic beauty. And then up rose Tom Wallace, editor of the Louisville Times, to declare that such projects are, in the very nature of things, horrible.

"All such things are an outrage," he declared. "They don't belong, anyway."

This gentleman seems to have voiced a thought that has occurred to more than one citizen in recent years. There is something permanent and inescapable about these gigantic memorials in living rock. You can't escape seeing them, and if you don't happen to like them there is nothing much you can do about it.

And that fact is perhaps an indication that we should go slowly in ordering any more of these mountain sculptures.

New Dealers See Wealth of Campaign Ammunition in Coming Probes . . . The Floor Is Huey Long's . . . Scandal Stirs SEC Worries . . . Leak Inquiry Fizzles . . . Wife's Illness Kept Owen D. Young Out of 1932 Race

BY RODNEY DUTCHER
Journal and Courier Washington Correspondent

Washington—Their nimble minds leaping far ahead, certain New Dealers who usually reflect what the White House thinks already are looking forward to the next session of Congress.

"With the tax bill out of the way," they say, "we won't be needing any more legislation."

Next winter and spring, right up to the national conventions, we can concentrate on investigations and let them have the limelight."

The investigations especially referred to are the Senate's inquiry into railroad financing and reorganizations, the Federal Communications Commission's investigation of the American Telephone & Telegraph Company, and an investigation of investment trusts by the Securities and Exchange Commission, authorized in the public utilities-holding company bill through a provision few persons have noticed.

The Senate munitions committee this fall will have hearings on World War financing—and war propaganda, if any—by Morgan and other international bankers and will be ready to report soon after Congress meets in January.

The political implication of these and other investigations should be as obvious to the rest of us as to the New Dealers. They all hit at the Wall Street-Big Business interests which are at war with the administration.

Each of the four inquiries mentioned leads to the Morgan door at Broad and Wall.

They are bound to produce plenty of ammunition for an administration

displaying an increasing eagerness to picture the next political campaign as a battle between "the people and plutocracy." At least, so the New Dealers anticipate.

Scandal Stirs SEC Fears

Agitation inside the Securities and Exchange Commission has been much greater than anyone would admit since arrest in New York of a former \$6300-a-year SEC investigator charged with attempting to sell out the SEC case against an oil stock broker for \$27,500.

One group is demanding more rigid standards for personnel and close scrutiny of many already hired. The man arrested had asked the oil broker for a job for another SEC employee who presumably was in on the deal.

Rumors of Wall Street "spies" and "fixers" alleged to be on the SEC payroll have been common here for months.

The "inside" group revolving around Chairman Joe Kennedy is also disturbed. It hopes the news won't leak into the newspapers that the prisoner, when hired by SEC, was known to have been a pool operator for a famous New York brokerage house.

In defense of Kennedy, who himself once played in pools, it is said that he felt sympathetic for the fellow at a time when the latter had been having bad luck.

On all sides, there's intense interest in the question whether the detective-phone records of the prisoner's state-Huey settles that.

Senator Minton of Indiana: "Regular order, Mr. President!" Senator Long of Louisiana: "I am talking, and that is the regular order. The senator has something to learn about the rules that he does not know."

ments to the broker, taken down just before his arrest and referring to certain SEC officials, will be produced publicly.

One More Blank

SEC investigators have been quietly assigned to trace what is commonly supposed to have been an advance leak on Roosevelt's tax message which enabled individuals in Washington and New York to make a stock market cleanup.

Net result so far: A sensational rumor.

Wife's Welfare First

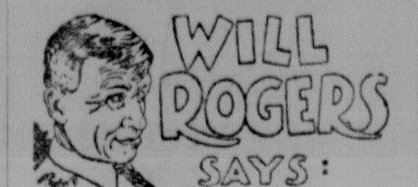

Death of Mrs. Owen D. Young recalls an inside story, seemingly

authentic, as to why Mr. Young wasn't available as a candidate for the Democratic nomination in 1932 at a time when anti-Roosevelt forces could have made good use of him.

The story, never published, was that Young would under no circumstances enter a presidential campaign because Mrs. Young was suffering from an illness from which she wouldn't recover.

It's just possible that Young's presence among the 1932 entries, or his availability as a dark horse, might have given the "stop-Roosevelt" forces enough added strength to win.

He might even have been the nominee and the present president of the United States.

To the Editor of the Jacksonville Journal

Beverly Hills, Calif., July 1.—It's getting the time of year in Washington, D. C., when the old senator or congressman begins to wonder if his opponent wasn't really the winner after all. If those babies pored knowledge like they will perspiration for the next month, we would be a great nation. Mr. Roosevelt's got the laugh on 'em, he has a swimming pool in the White House, and he just sends 'em a message and then dives off in a nice cool pool while they sweat and cuss and fight off the professors. You know this administration has shown that there is no insect that can bother a statesman like a professor.

AGARD FUNERAL AT
WAVERLY TODAY

Waverly—Mrs. Etta Agard, 82, formerly of this city, died at 7:45 p.m. Saturday at her home in Washington, D. C. She is survived by two daughters, Mrs. Elsie McMillan of Wilmette, Ill., and Mrs. Grace Trusan, Washington, D. C.

The remains will be brought to this city for funeral services at the First Methodist Episcopal church at 4 p.m. Tuesday. Rev. D. K. Sailor will officiate and interment will be in East cemetery.

Mrs. Albert Hopper
Summoned by Death
In City Monday

Well Known and Respected Resident Succumbs to Extended Illness

Mrs. Flossie May Hopper, wife of J. Albert Hopper of the Morgan Dairy Company, died Monday morning at 6:10 o'clock at the family home, 1063 West College avenue.

Mrs. Hopper, who was active in church and school organizations, had been in failing health for three years, but her condition did not become serious until two months ago. Her death is mourned by relatives and many friends.

She was born at Ottawa, Kansas.

May 19, 1893, a daughter of John W. and Amanda Conway Fryctor, the family removing to Illinois when she was five years old. Her marriage with Mr. Hopper was solemnized here on Dec. 30, 1914.

The decedent was an active member of Grace M. E. church, and deeply interested in Parent and Teacher Association work. She was respected by all for her fine Christian character.

Surviving are her husband, J. Albert Hopper; two children, Richard Albert and Barbara Elizabeth Hopper; one brother and two sisters, Orbie Proctor, Fort Wayne, Ind., Miss Eva Proctor, Chicago, and Mrs. Wilbur Taylor, Jacksonville.

The remains will be at the residence Tuesday morning. Funeral services will be held at the Guilham Funeral Home Wednesday afternoon at three o'clock, the remains to be taken there an hour before the service.

Dr. M. L. Pontius will be the officiating minister, with interment in Diamond Grove cemetery.

FINED AND JAILED
Springfield, Ill., July 1.—(AP)—Messina of St. Louis today was fined \$500 and sentenced to jail for months by U. S. District Judge Charles G. Bridge for violation of the internal revenue laws.
Messina was first arrested Sept. 1933, during a raid near Collinsville. He escaped and was not apprehended until last January.
Monroe "Blackie" Arms and Frank Wortman, also arrested in the raid, are serving ten-year sentences.
J. A. Thornborrow was among the Virginia callers in Jacksonville Monday.

Westminster Pastor Delivers Sermon at Union Lawn Service

Says Christians Cannot Afford to Let Things Drift Too Far

"Christian people can never afford to be at ease in Zion, no matter how prosperous the church may seem. We are constantly challenged by the underworld of society, politics, and unbelief," declared Rev. W. C. Meeker before the union open-air service Sunday night on the lawn of Grace M. E. church.

Rev. W. A. Richards presided and introduced Miss Annie Moore who led in the preliminary song service and later sang the soprano solo, "The Psalmist" by Vander Water, with J. Philip Reed acting as accompanist. Rev. Harry Lothian led in prayer, Rev. J. R. Warlick read the scripture lesson, and Rev. J. G. Schillerstrom presided at the offering.

The Westminster pastor took as his text Romans 6:12. "We wrestle not against the flesh and blood but against powers, against rulers of the darkness of this world, against spiritual wickedness in high places." He said in part:

Sometimes we labor under the impression that if we would will to do the right, everything would be right with us, others, and the world. But Paul discovered that something more than will power is necessary for moral and spiritual success. He said "I see another law in my members warring against the law of my mind and bringing me into captivity to the law of sin." Abel found that pleasing God himself did not prevent trouble coming from the outside. His brother, Cain, killed him. There are evil tendencies within and without which constantly challenge our highest aspirations.

the hard-working population. They live by theft, gambling, fraud, sharp practices, blackmail, extortion, intimidation, prostitution, bootlegging, rum running, kidnaping, and assassination. They snatch a babe from his crib, an old man from his arm chair, a child going to school, for ransom.

Police and Crime

One of our greatest menaces is the partnership of police forces with crime in many cities. This was uncovered in Chicago when Jake Lingle, crime reporter for the Chicago Tribune, was assassinated in broad daylight in the loop. It was uncovered in Detroit when radio announcer Mr. Bowles, who opposed corrupt Mayor Bowles, was assassinated; after he had aided and announced the recall of the mayor. St. Paul, Minn., is now going through a clean-up of partnership between crime and police. Many Illinois citizens are justly indignant at Mayor Kelly of Chicago, visiting the legislature in Springfield and lobbying for a bill to legalize book-making for race track gambling in the Illinois metropolis.

Another challenge to Christian people is the underworld of unbelief. We wrestle not only against flesh and blood, but also against spiritual wickedness in high places. Russia is a modern personification of the anti-Christ. There Christ is crucified afresh, and a monument is erected to Judas Iscariot. Christ has been wrongly presented to the Russians. Some day Christ will again save Russia.

But we have our parlor Bolsheviks at home. Actually they no longer remain in the parlors. They can be found in pulpits, professors' chairs, editors' sanctuaries, halls of legislature, and elsewhere. They represent atheism, free love, and radical political views. The church can not be at ease. We are constantly challenged, and must contend for the faith. Our comfort is that our American church is growing steadily, gaining nearly a million members last year. If we are true to our Master "the gates of hell shall not prevail" against his church. Let us put on the whole armor of God, that we may be able to stand in the evil day, and having done all, to stand!

Rev. Aric Vanderhorst of the Woodson Presbyterian church will preach next Sunday night, and Rev. M. M. Blair will preside.

LYNNVILLE CHURCH HAS SPECIAL MUSIC AND SPEAKER SUNDAY

Missionary Sunday was observed Sunday at Lynnville Christian church. During the morning service special music was furnished by Miss Audrey Black with Miss Lucille Wyatt as accompanist. A. D. Hermann was the speaker.

At the evening meeting Rogerson Wolfman gave an address, speaking on "The Student's Viewpoint." He quoted numerous passages from books of his reading relative to the great fundamental beliefs.

ATHLETES SAY:

"THEY DON'T GET YOUR WIND!"

SAM HOWARD, the high-diving champion, says: "I can smoke Camels all I want to and keep in perfect 'condition.' Camels are so mild. They never get my wind. And when tired a Camel gives me new energy."

CARL HUBBELL, star pitcher of the N.Y. Giants: "Camels are so mild, they never get my wind or ruffle my nerves."

GEORGE BARKER, the former intercollegiate track star: "A cross-country runner has to keep in shape. I've learned one thing about cigarettes—Camels are mild. They don't get my wind, and they never bother my nerves."

GEORGE M. LOTT, JR., tennis star, says: "Camels never take the edge off my condition or get my wind, because they are mild. I understand more expensive tobaccos are used in Camels. That accounts for their mildness!"

BILL MEHLHORN, the star golfer, adds this timely word: "I've got to keep fit to compete in tournament golf. I can smoke Camels steadily. From years of experience I know they won't get my wind or jangle my nerves."

CARL HUBBELL, a Camel smoker for many years, caught in action on the diamond! He says: "Camels have flavor, plus mildness—a rare combination. And they never get my wind. I'd walk a mile for a Camel!"

YOU'LL LIKE THEIR MILDNESS TOO!

Because Camels are so mild . . . made from more costly tobaccos than any other popular brand . . . you can smoke all you please. Athletes are agreed that Camels do not jangle the nerves or get the wind. You'll never tire of their appealing flavor.

NEW SALES TAX EFFECTIVE IN STATE MONDAY

Chamber Of Commerce Obtains Small Number Of Tokens For Use Here

Chicago, July 1.—(AP)—The sales tax, infant of the revenue makers, cut new teeth today to bite into the consumers' dollar.

Six states—Illinois, Arkansas, New Jersey, California, North Carolina and South Dakota—began collecting new or higher levies. In two others laws which had expired took on a new lease of life.

All had hopes of raising millions of dollars. \$78,000,000 in Illinois alone where the tax was hiked from two per cent to three per cent of the sale price on retail trade.

Along with the three cent rate in Illinois, designed principally to meet federal authorities demands that the state share the cost of aiding its unemployed, came prospects that the frequently mentioned but never seen monetary unit, the mill, would take corporate status. The state planned to issue aluminum tokens of 15 mills to facilitate collection of the tax.

The arrival of a two percent levy in Arkansas found a group of merchants in rebellion against it. They refused to mark the tax in their sales prices and pledged they would neither collect it from their customers nor pay it to the state from their own pockets.

In California, a new rate of three per cent replaced the former two and one half per cent levy along with new liquor levies and increased inheritance taxes.

New Jersey imposed a new two per cent tax to last three years. North Carolina's new levy bore a three per cent rate and exempted only fresh liquid milk. South Dakota inaugurated a two per cent tax on sale of tangible personal property along with a similar rate on the communication business of utilities.

New Mexico and West Virginia began collections under laws which continued levies which expired.

The American legislators association here said that some form of sales, gross income or high license tax, which in effect constituted a sales levy, was now in use in 29 of the 48 states. It added that the tax is only about 4 years old as a state impost in this country.

The Jacksonville Chamber of Commerce yesterday received 2,000 tokens for use in the city, but this supply soon ran out. It was stated at the Chamber of Commerce office that 5,000 additional tokens will be received today, and that by Wednesday sufficient of the little aluminum disks will be available for practically all needs. The tokens are being sold to merchants at the rate of six cents for forty sales disks. The tokens are also being sold to consumers who desire to carry and make their own change in paying the tax.

ODD FELLOWS VISIT HOME

County Association Makes Trip To Lincoln Sunday

About 65 Odd Fellows and Rebekahs from the Morgan County Odd Fellows Association journeyed to the orphan's home at Lincoln Sunday for an inspection of the institution. They were joined by a hundred lodge men and women from Platt county.

The visitors put on a program at the home, made their inspection and enjoyed a basket dinner at noon. Before their departure, the orphan's home band gave a concert, which was greatly enjoyed. A plan to visit the Odd Fellows Old Folks' Home at Mattoon later in the summer was discussed.

The larger boys of the Home conducted the visitors through the various buildings and around the farm. The Odd Fellows Home has a farm of 160 acres in a high state of cultivation, with a large dairy and hay barn. The fine herd of Holsteins furnish plenty of milk for the boys and girls, while the garden and fields produce a large part of their food.

In the afternoon a program was put on by the lodges of Platt county, in the auditorium which seats about 300. This was followed by a band concert by the Orphans' Home Band on the lawn in front of the administration building.

Rev. H. Johnson, former county superintendent of schools of DeWitt county, has been superintendent of the Home for the past 8 or 10 years, and he and his wife have made a real home for the 120 Odd Fellows children. The Odd Fellows maintain a regular school on the grounds, up through the eighth grade, after which the children attend the regular Lincoln High school.

Among those present from Morgan county were the following: Olen Gotschall and family; Maurice Peckham and family; Elliott Craft and family; Judge Wm. E. Thompson and children; Mr. and Mrs. Louis Biggs; Mr. and Mrs. Robert S. Hamilton; William Spencer and family; Hubert Taylor and family; Mrs. Gust Bergquist and daughter; P. G. Stein, John Butcher, Verna E. Butcher, Mabel Welch, Mrs. Martin, Rollyn Trotter and family; John Myer and family; Russell Kelly, Blanche Bridges, John Wilber, Homer C. Harrison and family; Mr. and Mrs. John Shadid.

LOCAL GIRLS LEAVE FOR TWO WEEKS AT CAMP IN MISSOURI

Six Jacksonville girls have left for Camp Mitchell, a summer camp, twenty-five miles south of St. Louis, where they will attend the present two week term. The young ladies making the trip were Frances Capps, Gratia Hall, Mary Jo Brown, Ella Jane Rogers, Mary Ator, and Mary Catherine Hardisty.

The camp is sponsored by the St. Louis Chapter of the Y.W.C.A., with Miss Gladys Heath of that organization as general director. Miss Margaret Merz, Home Economics instructor, and in the local Junior High School, is dietitian for the camp.

The camp site is on a bluff overlooking the Mississippi river. It covers several acres of ground and is equipped with dormitory and swimming pool.

WILLIAM LASHBROOK, MISS MCKINLEY WED

Miss Elizabeth McKinley, daughter of Mr. and Mrs. J. C. McKelvey, became the bride of William E. Lashbrook of Ripley, Ill., formerly of Beardstown, Saturday afternoon at four o'clock at the home of Rev. George Hayes, 511 East College avenue. Rev. Mr. Hayes officiating. The double ring ceremony was used.

Immediate members of the family attended the ceremony. Attendants were Miss Opal McKinley of Alexander, sister of the bride and bridesmaid, and Freddie Torbeck of Concord as best man.

The bride wore a dress of white crepe with white accessories. Her bridesmaid wore a blue and white ensemble with white accessories.

The couple will reside on a farm near Ripley, where the groom is engaged in farming.

Myers, Ramblers Win In Y. League

Clothiers Bang Out 14 To 2
Win Over I. P. & L.;
Gustines Fall

Myers Brothers and the Ramblers got off in front in the Y.M.C.A. T.W. League in games played last night. Myers Brothers banded out a 14 to 2 victory over the Illinois Power and Light team, and the Ramblers winning from Gustines 5 to 2.

Lacey, flinging for the Myers Brothers team at Nichols Park, and J. Baptist, tossing for the Ramblers at the high school field, each hung up five hit performances in their first night.

Myers Brothers batted in nine runs before the Power and Light team was able to check them in the first frame, but they were comparatively quiet from then on. The end of the game. The Clothiers tossed in nine hits only one of them for extra bases in piling up their big count.

A four run barrage in the first inning also paved the way for the Rambler victory over the Gustines team in the high school field game.

Stoldt, in his report to the council, also reported that a new electric guage has been installed on the water tower at Reservoir Park, enabling the engineers at the plant to determine when the tank is full. The installation was made when it was found that the

City Council Votes to Withdraw Application For Light Plant Fund

Going on record by a vote of 7 to 1, the city council last night voted to withdraw its application to the Federal Emergency Public Works Administration for \$420,000 for the purpose of constructing a municipally owned electric light plant and distribution system, on the recommendation of Alderman F. R. Mathews, passed a resolution authorizing the hiring of a sanitary inspector and heard another ordinance in its first reading authorizing the mayor to appoint a full time city engineer for the purpose of drawing up plans for a paving project to be paid for out of the motor fuel tax funds.

Disposing of a citizen's committee from the neighborhood of the Greek Theater with a promise from the Park Board to clean up the weeds and remove some trees, and from the sewer committee of the city council to open the bottom of the bowl to escape. Alderman Mathews, declared he did not want to have that responsibility if the council would have only \$200, the amount set aside in the water department budget, for the care of the park, available for the project. The motion was withdrawn.

A letter from the park board stated that the board was ready to provide PWA labor, if available, and would carry insurance on the workers, but would not be responsible for equipment or supervision.

Declaring the bowl was now a nest for mosquitoes and the weeds a favorite playground for snakes, the property owners demanded that something be done immediately. Basil Sorrells, president of the park board, told the property owners he would have relief labor on the project sometime this week, and would remove trees and cut the weeds. Alderman Brown of the sewer committee, promised the sewer would be cleaned to allow the water to drain out of the bottom of the bowl.

City Attorney Ray Grunty brought the attention of the council to a request made by Miss Effie Epier, to have the name of Alley A. also known as Dunlap Court, from College Avenue to Beecher changed to the name of Strawn Way, in honor of the donor of the Strawn Art Home. Alley A. remains with that title on the city code book, and may have its name changed only by the adoption of an ordinance.

The council also instructed Alderman Ralph Green, chairman of the police committee, to instruct the police force to enforce the ordinance against dumping out grass along curbs and in the streets. The grass has been causing some difficulty in the sewage disposal plants, it was reported.

Alderman John Early asked the city council to take some action toward assuring the softball baseball players of a place to play the game in one of the parks. He suggested that the area just west of the swimming pool in Nichols Park would be an ideal place, but was instructed to take up the problem with the park board.

Object to Zone Change
Property owners along Caldwell and Lafayette avenues filed a petition with the city council objecting to the change of zoning of the corner of those two streets to local business.

The petition carried the names of 14 property owners who claimed to own more than 20 percent of the property fronting these streets. It was referred to the zoning board.

Two carnivals will have their license fees refunded by the council. They are a carnival to be sponsored by the American Legion, beginning July 10, and another to be sponsored by the D.O.K.K., beginning July 22. Both licenses were ordered refunded because of the grounds, Clarence Swaby presented the plea for the D.O.K.K. and State's Attorney Wilfred Absher spoke for the American Legion.

The report of the water department, showing water sales during June of \$7,275.18, and collections for the month for water sold in May of \$7,513.43, presented by C. Justus Wright, was ordered filed along with a report of the city clerk and the chief of police.

Alderman Mathews also reported that he had received a copy of the annual audit from the firm of Gauger and Diehl of Decatur, and that the audit agreed in most respects with the statement rendered the city by the retiring treasurer, Carl F. Hamilton.

The audit also showed, Mathews said, that the city operated at \$9,000 less last year than the amount of money received, which he termed a good showing. The auditors also commented favorably upon the recovery of funds from the Avers National bank, a recovery which was worked out during the previous administration.

Attend Convention Of Workers For Blind; Visit Wyandotte Cave In Indiana

Miss Elizabeth Brooks, principal, Miss Francine Moon, librarian, and Miss Mae B. Sherry, all from the Illinois School for the Blind, returned Saturday from Louisville, Ky., and three days' attendance at the sixteenth biennial convention of the American Association of Workers for the Blind. The membership of this association is composed of executives of state commissions and state associations, placement agents, field workers, social service workers, home teachers of adult blind, librarians, printers, teachers, and persons in charge of workshops and industrial homes for the blind.

This association alternates annually with the American Association of Instructors of the Blind, which met last year in St. Louis and will meet next year in Raleigh, N. C. Registrations at Louisville numbered 185, including three persons from Canada and one from Hawaii. A fine exhibit of handwork made by blind adults and by blind children in the schools had been assembled in the convention hall. The American Association of Workers for the Blind had sent a full line of appliances, including braille writers, "talking books," arithmetic aids, numerous games and other materials for use in the educational work with blind persons.

The National Society for the Prevention of Blindness contributed publicity regarding the progress of its work. The director of the society, Dr. Lewis H. Carlis, was present and on the program of a general meeting. He also conducted a group meeting. Carl Wiley on leave of absence during the past two months from the Illinois School for the Blind to train a group of switchboard operators in the Kentucky School for the Blind, has his equipment in operation in connection with the exhibits.

On the return trip from Louisville, Miss Moon made history as the first blind woman to be conducted through any part of Wyandotte Cave in Southern Indiana. With Miss Brooks and a guide, Miss Moon walked and climbed the two and a half miles of the "short trip," including the "Hill of Difficulty," by which one reaches the room said to be the largest in any cave one-quarter mile in circumference, and with a mountain 175 feet high rising from its floor.

The cave is explained as being the course of an underground river, the channel varying in width, and of a depth great enough to allow the visitors to walk in a stooped position. At intervals the rock overlying the channel has fallen, increasing the height of the cave, but placing great obstacles in the path of travel. This explains the mountain in the large room. Stalactites and stalagmites of onyx and in a form said to be peculiar to this cave, also a stratum of flint three to eight inches in thickness, with other rounded flint deposits were shown in one section of the cave.

HEAR EVIDENCE IN ROAD SUIT

County Is Plaintiff In Condemnation Case Here

After hearing testimony offered yesterday in county court in condemnation proceedings of Morgan county against William R. Gray, et al, the jury was sent to view the real estate that is the object of litigation. The real estate involves several strips of land on the route of a proposed highway.

A jury of twelve men is hearing the matter and will decide the damage to each tract. Judge William E. Thompson is presiding in the hearing.

The proceedings to secure right-of-way were filed by the county after a survey was made for an improved road between Route 111 near Waverly, and Nortonville. This route passes through a part of the county known as Muddy neighborhood.

Acres owned as to damages are reported to have been effected with exception of the Eldridge and Fairburn land. The highway will cut these farms in two. Owners of land along other parts of the route have reached agreement with the county on the purchase price for border strips.

Jurors hearing the evidence were John Wilker, Arthur Acorn, Charles A. Sheppard, Louis Plepenberg, James Finch, James H. Rea, Fred B. Six, Edward Landes, E. A. Sawtelle, William Spillman, Elmer Henderson and Harry Ogil.

State's Attorney Absher represents the county and Oscar Zachary is attorney for the property owners.

Make Pairings For First Round Of Park Match Play Tournament

Russell Bond Shoots Low Medal Score in Qualifying Round; 32 Players Entered

Beginning today, 32 golfers will shoot for championships in the annual Nichols Park Match play tournament, 16 of them for the park championship and 16 for the second flight title and golf balls that will accompany the title.

Led by Russell "Pickle" Bond, red-headed high school golfer who fired a 72 in his 18 hole qualifying round, the field will get away this week in the first round, next week in the second round, the week after that for the third round and settle the championship the following Sunday.

Bond, whose golfing has been second to that of Jerome Barber while the two were team-mates on the high school squad, topped his team-mate by three strokes, and piled up a ten stroke margin over the defending champion.

Amalgamated Clothing Workers of America Local 199 wishes to express their appreciation to the merchants who contributed gifts to help make our picnic a success.

medal play champion, Floyd Craft, second in the list of qualifiers was A. Kettner, who tossed off a 73 for the qualifying 18 holes.

Craft is paired with R. R. Engberg, a newcomer to the city, in his first match, and faces trouble throughout the tournament, according to the draw. The first flight is filled with golfers who shot in the 70s and low 80s, and took in a few who shot as high as 89. The remainder of the field is grouped in the second flight.

Bond, the medalist, is slated to meet Harold Davis, former high school and college golfer, in his first match. Players are to make their own arrangements for meeting their first round opponents, and will be allowed 30 minutes to appear after the scheduled time of their match, before a forfeit is declared.

Final arrangements were made for the match play tournament at a meeting of the golf committee last night at the city hall.

Plans for the Fourth of July blind bogey tournament also were drawn up at the meeting, with prizes totalling a dozen golf balls being held out to the

number, or the number nearest the secret number. An entry fee of 15 cents will be charged for the tournament, to be turned over for the purchase of golf balls, six to be awarded the winner, four to the second place finisher, and two to the third finisher. The following pairings were made:

Championship Flight
Floyd Craft vs. R. R. Engberg.
Joe Doyle vs. Howard Knowles.
Pete Kormsmeier vs. James Buckley.
Joe Darush vs. A. Kettner.
Jerome Barber vs. Russell Carter.

Lukeman and Schwartz Take Doubles Crown Sunday; Rain Forces Open Match Change

Overcoming their failure to win in three sets when three opportunities faded, Elmer Lukeman and Bob Schwartz won five sets Sunday afternoon on the MacMurray College courts to win the doubles championship of the ninth annual Journal and Courier tennis tournament from Bob Hamm and Kenneth Chenoweth, in a torrid battle.

Their championship match, the third of four to be decided, was the second to go five sets, Merrill Kesinger, tireless shotmaker from White Hall, staving off defeat in three sets to go on to a district singles crown in a five set match with Albert Pearce of Carrollton Saturday afternoon.

The last of the championships will be battled out this afternoon when Bob Hamm, the city champion, meets Kesinger in the gold medal match for the singles championship. The match will be called at 3:30 o'clock. Scheduled for yesterday, it was postponed today because of rain.

Sweeping up the first 6-1 before their opponents were completely organized, Lukeman and Schwartz ran into more troubles in the second set which they won 6-4. Hamm and Chenoweth came back with some of their best tennis to force the third set into extra games, and won it 7-5, and then copped the fourth set 6-4. Lukeman, who had trouble getting his shots to click in the third and fourth sets, came back in the final set to aid his team-mate in pulling the victory out of the fire by a 6-3 score.

Brilliant shooting, hard shooting and action ably marked the doubles final, with Schwartz leading in the heavy bombardment. Schwartz showed some of his best tennis in the closing sets of the match, blazing ripping drives across the net for points while Lukeman framed around the net for the quick shooting work. The combination was too fast for the opposition, shooting brilliantly during the first two sets, and then pulling off a superb rally in the final set to win.

Two hours and a half were needed to settle the issue, the players beginning at noon and shooting at each other until 2:30 o'clock. The match was moved up in order to accommodate Schwartz, who left yesterday for Carbondale, where he plans to spend two weeks.

Starting easily, Lukeman and Schwartz marked up a set before Hamm and Chenoweth got their stride. Lukeman and Schwartz had the better of the battle in the second set, but Hamm began sinking his drives inside the boundaries, and Chenoweth's chop stroke began taking its toll in points, as both Lukeman and Schwartz shot the ball into the net in making attempts to drive the ball.

Games followed the service through the first eight games of the third set before Lukeman and Schwartz finally broke through to win one of their opponents' services. The champions drove hard for a victory, piling up a 40 love score in the tenth game, but two drives out of bounds and a perfectly placed return shot dented the game, and Hamm and Chenoweth went on to win and tie up the set at five all. They took the next two games without much of a struggle, and then followed by taking another set after waiting for a break in their opponents' services.

The Redlegs are getting ready for three games this week. They'll meet Mike Clements of Beardstown here July Fourth, Winchester Saturday, and go to Lewistown Sunday. The Redlegs beat the Redlegs in Beardstown a couple weeks ago 8-5.

Illinois College football prospects received a jolt yesterday when Bob Miller, end and center, became a student at West Point. Miller was required to pass a physical examination only to get in at the point, because of his high scholastic average in high school and college.

"Tommy" Kline made his debut with the State Hospital team Sunday at Girard by lashing out a pair of doubles. The college third sacker turned in a creditable performance along with it.

The dope is that "Red" Duffner will be moved from third to second, and Kline will play the hot corner, with Buban at short. It also is reported that still more ball-players are getting jobs at the hospital.

Stanley Davis, who was reported in this column as intending to enroll at the University of Illinois, is going to go to the University of Michigan and take up forestry, according to the latest report. Davis left the other day for Colorado where he will get a month's vacation before going to the university.

Shutout when he singled in the seventh after shortstop Luke Appling fumbled Bell's grounder with one out and Cliff drew a pass. Wyatt then came into pitch to pinch hitter Ray Pepper, who flied to Washington and Cliff was doubled trying to score, ending the rally.

White Sox Trim Browns 4 To 1
Chicago, July 1.—(P)—A revised White Sox lineup that didn't include Al Simmons, \$27,500 a year outfielder who hasn't been hitting, turned back the St. Louis Browns, 4 to 1, in the opening game of their series here today.

A nine-hit attack, featured by Rip Radcliff's eighth homer, a triple and double by Zeke Bonura and doubles by Vernon Washington and Tony Piet, gave Sam Jones and Whit Wyatt the edge over Sugar Cain and Elton Walkup.

Jones, making his first start since he injured his arm May 22, received credit for his fourth victory although he tired in the seventh and Wyatt was called in.

Radcliff's homer with none on in the third, the doubles by Bonura and Washington and a single by manager Jim Dykes in the fourth gave the Sox three runs off Cain. They picked up the other off Walkup on a pass, a boot by Beau Bell and a single by Mule Haas in the seventh.

Olie Bejma, who had tripled futilely in the fifth, prevented a St. Louis comeback.

Cubs Take Night Game From Reds
Cincinnati, July 1.—(P)—Shelling four Cincinnati pitchers from the hill, the Chicago Cubs defeated the Reds in the third night game in major league history tonight, 8 to 4, before nearly 20,000 paid customers.

Chicago, 8 to 4.
Cincinnati, 4 to 8.
At Cincinnati, 120,000 600-4 8 12 1.
Ervan, Henshaw and O'Dea; Schott, Herrman, Hollingsworth, Nelson and Campbell and Lombardi.

Tigers Trounce Indians 4 To 1

Detroit, July 1.—(P)—The Detroit Tigers moved within four points of second place in the American League standings when they whipped the Cleveland Indians 4 to 1 today behind the five-hit hurling of Elden Auker, the submarine hurler.

The league champions connected with only eight safe blows off Thornton Lee but they took advantage of almost every opportunity with the result they altered the standings to read: Cleveland 378, Detroit 374.

They got away to a one-run lead in the first without getting a hit, as Lee hit Pete Fox and handed out a base on balls. Fox and Charley Gehringner cracked a double steal while Greenberg was fanning, the former crossing the plate.

The Indians tied it up in their half of the fifth on Louis Berger's double, Phillips single and a pair of walks but the Tigers came right back in their half of the frame to take the lead again and never were headed. Again they worked a double steal to put Fox in position to score on Gehringner's long fly and the Detroit right fielder had doubled and Mickey Cochrane had drawn a base on balls.

Redlegs Win From Girard 10-4 Sunday
Payne Allows Six Blows as Redlegs Pile Up Ten; Kline Gets Pair

Hitting heavily behind the effective pitching of Payne, the Jacksonville State Hospital Redlegs turned in a 10-4 victory Sunday at Girard. Payne struck out 11 and allowed only six blows, while the Redlegs knocked A. Nagle off the mound and jumped on Edwards, his successor.

Tommy Kline, Illinois College third baseman, joined the Redleg line-up and celebrated his debut by cracking out two two-base hits in three official trips to the plate. His blows were the only extra base smacks the team produced. "Red" Duffner was unable to play because of Big Ten rules.

Wright Lumber Company girls softball team won a match with a Winchester girls team Sunday at Winchester 4 to 12. The Wright's team, managed by Jane Wright, banded out 12 home runs during the five inning game.

Batteries for the local team were Ruth DeFratres and Mary Wright Scott. The Wrights team will meet the Winchester team again in two weeks at the Scott county diamond.

Members of Married peoples class Grace M. E. church will meet at home of Mrs. Lloyd Ross 414 W. Court, Wed., 2:30 to attend funeral services of Mrs. Albert Hopper.

Red Sox Defeat Senators 8 To 3

Boston, July 1.—(P)—With Wes Ferrell pitching effective ball in the pinches for his seventh victory of the season, the Boston Red Sox turned back the Washington Senators 8 to 3 today and boosted their percentage to an even 500.

The Senators outlasted the Sox 13 to 9 but Ferrell kept the blows well spaced, hurling scoreless ball the last six innings. After being held to two runs by Leon Pettit for the first five frames, the Sox broke loose with a three-run attack in the sixth as Roy Johnson doubled and Joe Cronin hit a home run.

They scored three more in the seventh as Rick Ferrell cleared the loaded sacks with a double.

CANCELS TOUR
New York, July 1.—(P)—Joe Gould, manager of Jimmy Bradlock, today announced cancellation of the world heavyweight boxing champion's vaudeville tour, owing to the illness of Mrs. Bradlock. The tour was scheduled to open in Boston July 12.

Dr. M. J. MacDonald of Woodcliff, N. J., the Bradlock physician, said Mrs. Bradlock suffered a nervous breakdown after weeks of tension before the championship fight.

Local amateur boxers are taking their work-outs in a new training camp. Bob Elliott, local heavyweight who is beginning a comeback campaign, is in charge of the new camp located on Mauvasterre lake near the water pumping plant.

Guy Woods, manager of the local fighters, is planning to stage a fight card here some time during July. He has extended an invitation to the CCC camp boys to join his team of amateurs for their training work, and expects to build up a formidable Jacksonville team.

Work outs are being held in the old reservoir near the pumping station.

Steve LaRossa, a member of Woods' team last winter, is among the fighters Woods will have available for his summer team.

Miss Jean Jenkinson spent the week-end with friends in Mt. Sterling.

Grace Breyer visited with friends in Winchester over Sunday.

Order 21 Prisoners Removed

Recent Escapes Effected Through Negligence by Officers, Report to U. S. Prison Bureau Declares.

RETALIATE FOR ESCAPE

Washington—(AP)—The justice department announced today that it had "condemned" the Springfield, Ill., city jail as a place for the detention of federal prisoners because of a break there June 5 in which four government offenders escaped.

It ordered the removal of 21 other federal prisoners now held there. A statement by the Federal Bureau of Prisons said the action resulted from an inspector's report on the jail break.

"The information contained in his report justified the conclusion that the escapes were effected through the negligence of jail officials, the statement said. 'For this and other reasons the federal prisoners have been ordered removed.'"

The 21 prisoners are eight men un-

der sentence, one awaiting trial and two held for deportation. They may be moved to any nearby approved jail, officials said, including the Peoria county jail at Peoria, and the Logan county jail at Lincoln.

Recently justice officials said between 300 and 400 federal prisoners had been removed from jails considered unfit in 11 states in 18 months.

YANGTSE RIVER IS RISING RAPIDLY

Hankow, China—(AP)—The Yangtse river rose rapidly today, recalling China's devastating floods of the summer of 1931, which caused the deaths of thousands.

Within a fortnight the great stream has risen some fifteen feet under heavy rains, blanketing the Yangtse valley. From Chungking to the sea, the stream was running full in its banks, with overflows in isolated areas.

WOUNDS ALLEGED THIEF

Madison, Ill.—(AP)—With a bullet wound in the left cheek, Leo Vest, 28, of Muncie, Ind., was held today at a Granite City hospital under police guard on an auto theft charge.

He was shot by Albert Graves, Madison garage owner, who said he fired after Vest stole an automobile from the garage.

Handbook Bill in Hands of Committee

Future of Measure Up to Horner; Has Not Given Out Attitude

Springfield, Ill.—With no form sheets available from which to figure the future of the bill licensing handbooks on horse races in Chicago, speculation was rife about the statehouse today on Governor Horner's probable action.

Tips of all kinds abound but the governor, who has not received the bill, was maintaining silence.

Mr. Horner has ten days in which to act on the bill after he receives it from the senate's committee on enrolling and engrossing. This committee, and it is also true of the same committee in the house, is swamped with the several hundred bills passed during the last two weeks.

Bills sometimes remain in the enrolling and engrossing committee for several weeks after the legislature adjourns.

Rockford Unknown Is Amateur Champ

Beats Five Chicago Golfers on Way to Championship on Home Course

Rockford—(AP)—Johnny Hobart, Rockford, University of Illinois sophomore and an unknown in Illinois golfing circles, today stood at the head of the state amateur brigade.

The youngest golfer to win the championship in the five year history of the tournament, Hobart yesterday crushed James Garard, Skokie Country club, Chicago, in an amazing display of putting precision. His triumph returned the title downstate for the second consecutive year; Larry Moller of Quincy was the unsuccessful defender of the championship.

To gain the honor, Hobart was forced to conquer five Chicago linksmen in the three days of match play. Before Garard fell his victim in the finals the youthful champion had eliminated Dick Martin, Briar Hill; Larry Witt, Midlothian; Al Andregren, Big Oaks, and C. R. Wilson, Westwood Ho.

Garard, strictly an amateur who takes most of his golf on week-ends, found the strain of tournament play too exciting and faltered badly in the morning session of the 36-hole final match and as the pair started on the afternoon 18, Hobart held an 8-up advantage. Garard, rallying in the face of almost certain defeat, won four holes on the out nine, while losing two and halving three.

Making the turn six up, Hobart held the belated challenge in check by halving the next four holes, to win on the 31st green.

Smedley Butler to Speak at Reunion

Soldiers and Sailors Will Hear Three Leaders at Salem Meeting

Salem, Ill.—(AP)—General Smedley Butler, former commandant of the United States marines, and fiery exponent of adequate national defense measures, will be the principal speaker on the opening of the fifty-second annual Marion County Soldiers' and Sailors' Reunion, starting July 22.

General Butler, reunion officials announced, will deliver the principal address in place of James E. Van Zandt of San Francisco, national commander-in-chief of the Veterans of Foreign Wars, who will be unable to attend.

Among the other prominent speakers who will be heard during the six days of the reunion are Frank N. Belgrano, national commander of the American Legion, and O. F. Yetter, Chicago, state commander of Veterans of Foreign War posts.

Assembly To Meet This Fall

Will Clean Up Work Left Unfinished During Regular Session; Probably Will Amend Old Age Pension Law.

CALL EXPECTED IN OCT.

Springfield, Ill.—(AP)—A special session of the 59th general assembly, which ended its six months regular session with sine die adjournment Saturday evening, will be held within a few months.

This became increasingly apparent as the regular session, noted for its deadlocks and filibusters, drew to an end with many things of importance left undone.

The session, it has been learned, will not be held until September at the earliest and may be delayed until November although October is figured by most observers as the month in which Governor Horner will reconvene the assembly.

The regular session disposed of the appropriation measures, extended the existence of the Illinois Emergency Relief Commission, supplied funds for relief, increased the school distributive fund \$5,000,000 a biennium, reduced automobile license fees, passed several hundred bills for the benefit of municipalities, and acted on many other matters of minor or local importance.

It failed, however, to reorganize the school system, to place any constitutional changes on the ballot for the next general election, to redistrict congressionally, senatorially or judicially, to revise the criminal law, to revise the insurance law, to consolidate governmental units or to write a workable old age pension law.

In signing the old age pension law Saturday the governor noted, in a public statement, that it failed to comply with provisions requisite for financial assistance from the federal government and that it must be amended before January 1 when it is due to become effective.

Appropriation bills apparently broke all regular session records for authorizing the expenditure of public funds. In a preliminary estimate, House Chairman James P. Boyle of Chicago placed the total at \$390,167,089.75, including millions for unemployment relief, old age pensions and from the federal government for highway grants.

Two years ago the regular session voted \$370,538,922.61, which was increased to \$442,210,611.49 by the four special sessions.

WAYNE BAXTER WEDS IN CASS

Beardstown Couple Marry Saturday; Other News Notes

Beardstown, July 1.—Miss Dorothea Schaefer and Wayne Baxter were married Saturday evening, June 29, at the Congregational church by Rev. A. E. Beddoes.

The young couple were attended by the bride's brother, Glen Schaefer and his wife.

The bride was beautiful in a blue net dress with white accessories. Immediately after the ceremony Mr. and Mrs. Baxter left for Chicago and other points for a short trip. They will reside at 300 West Second street.

Lipton-Hoffman Wedding

The wedding ceremony of Miss Hazel Elizabeth Hoffman of Rushville and George Edward Lipton of Chicago was pronounced by the Rev. T. P. Epting of the First Evangelical Lutheran church before the congregation and invited guests after the morning service Sunday, June 30.

The bride was attended by two bridesmaids, Miss Ruth Logan and Miss Mary Strohecker and the groom by Harold Hoffman, brother of the bride, and Albert Moulton of Chicago.

The bride wore white Mataliese crepe with crystal wreath and veil and carried white roses with shower of white sweet peas.

The bridesmaids wore tea rose crepe and delphinium blue dresses with garden hats to match and carried pink roses and blue delphinium with showers of pink rose buds.

The groom and his attendants wore blue suits.

The ushers were cousins of the bride, Robert Stohecker and Wilbur Hood.

The little sister of the bride wore pink and blue net with garden hat to match and carried a white satin Bible from which the ceremony was read.

Miss Earluth Epting played the wedding march, Mendelssohn.

After the ceremony the young couple left with the sixty-five guests for her home where a reception was held for them.

Mr. and Mrs. Lipton will reside in Chicago where he is employed as an electrical engineer.

Johnny Goodman is Trans Title Holder

Takes Cup Out of Tournery with Third Victory at Des Moines

Des Moines, Ia.—(AP)—Johnny Goodman's capable hands today held the trophy symbolic of the trans-Mississippi golf championship.

The stocky Omaha ace, playing his best golf since he won the national title in 1933, gained permanent possession of the championship cup yesterday by defeating Johnny Dawson of Chicago one up. Goodman previously took the title in 1927 and 1931.

Goodman, who hit a sun-par pace in his last two tournament matches, needed all his cunning to remove the Chicago obstacle. Dawson played the 36 holes in 144, identical to Goodman's total. The rivals were two under par for the match.

The cool, determined Omaha player won because of his ability to drop his putts and his steady iron play. Dawson invariably outdrove Goodman, but it was the irons that decided the match.

In Chicago Slow

Chicago, July 1.—(P)—Warm weather which caused the animals to drink freely slowed down trade in the Chicago livestock market today as buyers lagged in considering water-fills.

Trading was slow in the hog pens and prices were irregular. Weights under 230 pounds held steady with Friday's figures and other classes were around 10 cents lower.

Lightweight hogs, weighing 140-200 pounds, brought \$8.75@9.65, and those weighing from 200-230 sold for \$9.55@9.65, topping at \$9.75, the same peak price as Friday. Packing hogs sold mostly for \$7.90@8.30 at the close.

Today's receipts were 16,000, of which 7,000 went to the big packers.

Final trading found most cattle killing classes strong to 15 cents lower. Steers topped at \$12.50, up 50 cents from the morning high for the group. Cows were scarce. Bulls were slow and steady. Vealers were 25 cents lower.

Effective today spring lambs are considered as lambs. Sheep receipts were 13,000 compared with 5,000 a week ago, and trade was slow to start. Fat lambs and yearlings closed around steady to 15 cents lower. Sheep were \$8.35@8.55. Most native lambs brought \$8.35@8.55. The practical top was \$8.90.

CHRISTIAN SCIENCE
SUBJECT OF LESSON

"Christian Science" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 30.

The Golden Text was, "Now is come salvation and strength, and the kingdom of our God, and the power of his Christ" (Revelation 12:10).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Blessed art thou, O Lord, teach me thy statutes. The entrance of thy words giveth light, it giveth understanding unto the simple. Thy word is true from the beginning, and every one of thy righteous judgments endureth for ever" (Psalm 119:12, 130, 160).

The Lesson-Sermon also included the following passages from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In following these leadings of scientific revelation, the Bible was my only textbook. The Scriptures were illumined; reason and revelation were reconciled, and afterwards the truth of Christian Science was demonstrated" (p. 110).

Wheat Prices
Up Three Cents

By John P. Boughan
Associated Press Market Editor

Chicago, July 1.—(P)—Violent spread of black rust, especially in Nebraska, whirled the wheat market up 3 cents a bushel today on top of recent other sheep gains.

Authoritative unofficial reports said the Nebraska epidemic has become the heaviest and most widespread witnessed in any winter wheat state for fifteen years. Indications today pointed also to severe black rust damage to winter wheat in parts of Kansas, with advices too telling of progress of black rust infection in spring wheat areas of the Dakotas and Minnesota.

What do you know about the Mash you are feeding your poultry? That the price seems low and that the formula is practically the same as that of higher priced feeds. Take a calender with holes about 1/16 of an inch in diameter and fill a small amount thoroughly, if you have an unproprietary quantity of fibrous residue, (usually bran, low grade distiller's meal or repugnant oil hulls) you are paying a high price for a cheap filler. Now take the same amount of Albecorn Mash and fill it, note the small amount of filler, barely enough to break up the heavy feeds. THINK IT OVER.

Summer Sweethearts

By Mabel McElhott © 1935, NEA Service, Inc.

BEGIN HERE TODAY

KATHARINE STRYKHURST, 20 and beautiful, allows her emotions to run when she marries MICHAEL HEATHEROE. After riding instructor who comes into a title and fortune, Katharine's father in rich and her stepmother is a snob.

The night following his marriage Michael is injured in a traffic accident and when he regains consciousness his memory is impaired. He forgets the marriage. Katharine, heart-broken, believes he has deserted her. She goes to Nevada to forget. Wandering off for an early morning stroll, Katharine becomes lost in the desert.

Michael arrives to explain and beg forgiveness. He hires a plane to search for Katharine. After a long hunt she is located. Michael takes her, ill from shock and fatigue, to a ranch and doctor is summoned. FRANK MILLARD, new friend of Katharine, is called. Katharine is his husband. The two men fight.
